

# NEW ALBANY-PLAIN LOCAL SCHOOLS

## Learning Community Profile 2012-2013

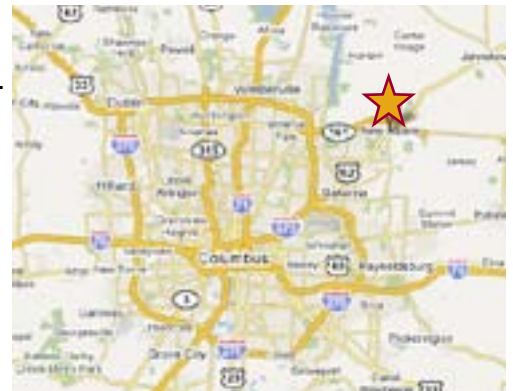

### OUR LEARNING COMMUNITY

New Albany, Ohio is approximately 20 miles northeast of Columbus, and our schools are located on a central Learning Campus in the heart of the Village. The school district serves an area of 26 square miles.

New Albany is both one of the oldest and one of the newest communities in Central Ohio. It was founded in 1837 and remained primarily a rural village for nearly 150 years before significant residential and commercial growth arrived.

Unlike some suburban communities that are sprawling with unregulated growth, New Albany is seeking to develop as a “balanced” community, a 21st Century village in which its 10,000 residents, business enterprises, developers, government entities, and schools share a common vision. Partnerships are key elements in community growth.

New Albany is home to a diverse group of people, traveling here from around the country and around the globe. New Albany is an evolving and developing business environment, and many families have chosen to live in the community because of the commitment to education. Our unique Learning Community values and embraces life-long learning and cultural opportunities for all.

### OUR SCHOOL DISTRICT

New Albany Plain Local Schools has earned an “Excellent” rating from the State of Ohio for ten consecutive years. The district reached its highest Performance Index score in its history this year. Even though our district is in the top 10% of districts in the State of Ohio, we continue to pursue even higher levels of excellence. The district’s Index score has steadily risen every year, demonstrating our constant pursuit of raising student achievement.

The district’s buildings are designed in a Georgian Architectural, campus-style complex on 120 acres, connected by tree-lined walkways, and surrounded by an 80 acre nature preserve. From our “Jeffersonian” Library-Information Center on the high school campus green, to the adjoining Environmental Land Lab, the Learning Community Campus is as unique as it is functional, creating outstanding educational opportunities.

There are more than 4,300 students in the district, served by some 350 faculty and 220 staff members. Parent involvement and community support are integral to the success of our nationally recognized, award-winning school district. We strive to promote strong connections between the school and community, and –most importantly— establish education as our top priority, today and for the future.

## OUR HIGH SCHOOL

New Albany High School (NAHS) is a four-year comprehensive high school accredited by the Ohio Department of Education and is recognized as a one of the top 500 High Schools in the country by *Newsweek Magazine*. New Albany High School is designated as a Blue Ribbon School of Excellence by the US Department of Education, is one of six high schools nationally to receive the 21st Century Award of Distinction, and is a National Lighthouse School. Our school has achieved one of the highest Performance Indexes in the State of Ohio this year.

Nearly all of our 1,300 high school students belong to a club or organization, and 67% of our students are also involved in athletics or a music program. NAHS provides numerous leadership opportunities including those within our new house system. We are proud of our innovative scheduling components and educational opportunities that include: Senior Seminar – an in-depth capstone learning project that must be completed to graduate; self-directed learning opportunities in Cisco Programming and Robotics; and a local speaker series that will feature former U.S. President William J. Clinton this year. Collaboration with our local Government and businesses provides students with an authentic learning experience as we grow our vision of a Professional Learning Community.

## EDUCATIONAL HIGHLIGHTS

### Arts Programming

Arts Education is a growing component of the school district's curriculum, beginning in kindergarten and continuing through high school. New Albany Middle School is enjoying a blossoming band, orchestra, and choir program. NAHS has a theatre program utilizing the Jeanne B. McCoy Community Center for the

Arts. Students are provided many opportunities in the visual arts to celebrate their work through contests and community art shows.

### Technology

The Learning Campus computer network is as large as many mid-sized Columbus businesses. Many resources are available to students and teachers, from collaborative learning environments to curriculum specific software and adaptive services for our special needs students. All district students meet state technology proficiency guidelines by 8th grade. Our classroom instruction is supported by anytime, anyplace, on-line digital resources, including teacher portals and ProjectRISE, our new technology blended learning grant.

### Woodland Nature Preserve

There are 80 acres of woodlands, wetlands, ponds, streams, and meadows on and adjacent to the K-12 Learning Campus. The nature preserve is the cornerstone of New Albany's award-winning Environmental Science Program. This nature preserve

is also an extension of every classroom and a key component of our curricular goals in such areas as environmental stewardship, local history, interpretive writing, weather, geology, biology, math, and art. Recycled materials and solar lighting have been used on nature trails utilized by students as well as the community.

### Senior Seminar and Internships

Senior Seminar is a graduation requirement for all New Albany High School students. It is a performance-based course that provides an arena in which students demonstrate K-12 cumulative learning and skills.

Students are encouraged to go beyond the traditional school setting for this experience, and an exhibition of their work is presented to an audience. Some examples have been constructing a wildlife observatory, writing and performing original music, and creating an event that raises money for childhood cancer research. Each senior also has the opportunity to participate in an internship as a culminating activity before graduation.

*Members of the senior class of 2012 were accepted into 214 colleges and universities. To view more detailed information about New Albany High School, please visit [www.napls.us](http://www.napls.us).*
